THE WORLD BEHIND YOUR DRAPERIES

FOREST
DRAPERY HARDWARE

FOREST DRAPERY HARDWARE IS YOUR ONE STOP SHOP FOR DRAPERY

HARDWARE from high quality Forest Drapery Track Systems to beautiful decorative wood and metal pole and traversing collections to a variety of roller shades and motorized systems. Components featured in this catalog are stocked in our Atlanta warehouse ready to ship today. Assembled orders, built to your exact specifications, typically ship in 7-10 business days.

THE WORLD BEHIND YOUR DRAPERIES

WARRANTY & RETURNS: All returns must be approved prior to returning. A 25% restocking fee will be applied. No returns accepted after 30 days of receipt of order or on custom orders. Please inspect all packages upon receipt, note any loss or damage on the freight bill and immediately notify Forest Drapery Hardware. Claims must be reported within 3 business days. Forest Drapery Tracks are warranted for 10 years. All Forest Shuttle motors and the Forest Atlantis motor are warranted for 10 years. All other motors are warranted for one year. Forest Roller Shades are warranted for 1 year. Warranties do not apply to wear resulting from normal usage, damage from mishandling, abuse, or exposure due to climate conditions over which we have no control. No Forest products are warranted for outdoor use. All prices subject to change without notice. *Ripplefold is a trademark of Kirsch.

Strong and beautiful **DECORATIVE WOOD COLLECTIONS**

Forest offers four collections of solid wood drapery hardware for you to choose from. Our newest pole set collection, Valencia, is made of Ash wood with beautiful, bold grain and has a diameter of 1 3/4". Seville is a collection of poles in 1 3/8" diameter. The Cordoba collection with a 2" diameter is available in pole sets, traversing or as a motorized hardware solution. At 2 3/4", Granada is our largest diameter wood drapery hardware collection. Like Cordoba, Granada can be used as a pole set, traversing or a motorized treatment. For motorization options, see pages 91-92.

CLIMATE SCREEN Insulating Roller Shades

Climate Screen by Forest offers a wide range of advanced daylight filter systems that are specially designed to minimize the entry of solar heat into a room. The unique features of the Climate Screen work bilaterally. In the summer the warmth will be kept out and in the winter the warmth will stay inside.

FOR USE IN:

Hotels, offices, homes, yachts, mobile homes and boats

BENEFITS:

- Optimum heat resistant effect
- Excellent insulating features
- Neutralize the heating effect of the sun's radiation
- Smooth and silent operation
- Available as a motorized or manually operated system
- Can be controlled by wall switch, remote control, etc.
- Easy to connect to automation systems
- Reduces energy costs
- Optimization of the work environment. Reduce reflection on computer monitors.
- Low maintenance. Highly durable and easy to clean.
- Is available with a wide range of options and finishes.

Climate Screen – Super Mini

- Left or right chain operation
- Extremely compact
- Mount inside or outside window casing
- Double sided tape can be used to mount inside metal or plastic window casings

Climate Screen – Twin Mini

- Use the same or two different types of film
- Operation with two endless chains to control each film independently
- A blackout filter may be used

Climate Screen Demo Units

Your Regional Sales Manager can bring in a Climate Screen demo to illustrate its great features. Demo units are also available for purchase.

Forest Shuttle Family of Motors

Touch Impulse Technology opens or closes drapes with a gentle pull. Integrated emergency control insures manual operation of the drapery in case of power failure. The Shuttle modular motor allows for various control options including RF, wall switch, building/hotel automation, serial communication, Z-Wave, and others.

10 WARRANTY
year

All Forest Shuttle Motors include a 10-Year Warranty - the only one on the market.

WEAR-RESISTANT PULLEY HOUSING

For low wear operation the pulley housing has been equipped with high quality ball bearings.

REINFORCED BELT

The Kevlar reinforced belt runs quietly and has superior longevity.

FOREST SHUTTLE MOTORS

- Tough Impulse Technology opens or closes drapes with a gentle pull.
- Integrated emergency control insures manual operation of the drapery in case of power failure.
- Choose the Forest Eco Shuttle for light weight fabrics.
- Choose the Forest Eco Shuttle HD for strength and an economical price.
- Choose the Forest Z-Wave Shuttle to integrate with your automation system.
- See pages 79-80 for a comparison chart to help you choose the motor best suited to your job.
- All Forest Shuttle drapery motors come with a 10-year warranty.

REMOTE CONTROL

Easy opening and closing of draperies with the hand-held remote.

COMPLETELY CLOSED DRAPERIES USING OVERLAP MASTERS

The overlap master carrier guarantees a complete 3" overlap of the draperies. Extended arms available.

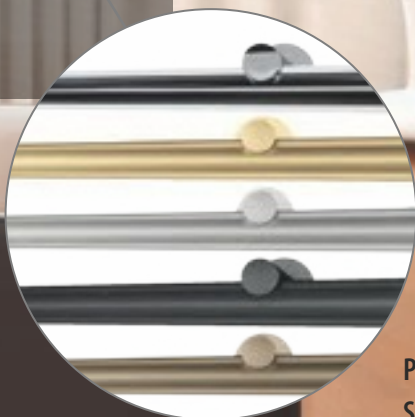

RETURN PULLEY

The return pulley is made of a special plastic and uses a bearing which creates smooth operation.

SELECT YOUR INDIVIDUAL FINIAL

Our decorative finials offer a variety of design options. See page 85 for finial options for 1 1/8" only.

Mercury Motorized Roller Shade Features

Pull Tab

Operate shades with a pull tab (included) and add an optional decorative baton or tassel. A great feature when the remote or cannot be accessed.

Bi-directional App

Operate shades with a bi-directional app available for download.

Mercury Motorized Decorative Roller Shades *NEW!*

Tubular motorized roller shade system in 38, 42 or 50 mm with internal multi receiver. Featured and in stock is the 3Nm motor. For information on a 5Nm option, call sales. Battery is lithium and rechargeable. Battery performs 300-400 revolutions per 8 hour charge. Can be operated by wall switch, remote, pull tab or bi-directional app.

25

Mercury Motorized Large Fascia Double

ASSEMBLED SET includes one of our six stock fabrics, two 38mm tubes, 2 motors, micro usb cable to charge battery, brackets, bracket covers, counterweight or bottom rail with end cap and remote. Side channels are additional. Add 10% for 42mm and 15% for 50mm.
