Titan Track (new)	62-63

Ripplefold™ is a registered trademark of Kirsch

These new collections and items have been added to our extensive line of drapery hardware products to help you make a lasting visual impression as you design your next masterpiece. We're now offering bigger tracks, more items in numerous collections and more contemporary finishes.

Introduction & Catalog Info

Welcome to Vesta's 2016/2018 drapery hardware catalog. We are excited to introduce some stunning new track designs including our exclusive 1 3/8" Titan Track collection. Our goals are to source hardware that is innovative, functional, unique and to provide knowledgeable customer service with competitive pricing. It's been our pleasure to collaborate with the design community for the last 30+ years. Moving forward, we would like to thank all our long-term customers and invite our new prospects to experience the Vesta difference.

Over the years, we've listened to our customers and responded to their need for a catalog that's not only filled with beautiful hardware but is also user-friendly. Collections are typically shown in their entirety on two pages so you won't have to flip through numerous pages to find compatible items. If a collection is available in more than one finish, then we try to place a photographic sample of each available finish somewhere on the pages associated with that collection. Collections are alphabetically distributed throughout the catalog for quick, easy reference. The table of contents chart on the right lists the page locations for each collection, product availability and whether the tubing or track diameter is over or under one inch. Color-coded accents are also used in the chart and on each page to visually identify the primary materials featured in the collection you are viewing (aluminum, brass, resin and so on). The included price list in the center of this catalog reflects your wholesale pricing and should be removed before sharing the catalog with your customers.

We thank you for your interest in Vesta's drapery hardware products and should you discover the need for any additional assistance, professional help is only a phone call away.

Contact & Shopping

At Vesta, we're dedicated to offering qualified and courteous phone support whether you have a question, require a quote, or need help finalizing your order. We can be reached at **800.638.3782**, weekdays, between the hours of 8am and 5pm (EST). Orders can also be placed by fax at **864.225.0228** or by email at **sales@ivesta.com**. When placing an order via fax or email, please provide

your company name; your name; shipping address; company telephone and fax number; your company email address; item number; finish; quantity per item; purchase order number or customer sidemark. Please indicate your preferred method of payment (proforma, American Express, Discover, MasterCard, Visa, COD, and open account).

Apollo

Vesta's Apollo Collection features the strength of steel construction, three captivating finishes, and three diameters; ¾", 1⅝" and 1½". Elegance and an excellent price point make this collection an appealing solution for the discriminate designer on a mission to conquer any design challenge.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

AVAILABLE FINISHES:

- BL** = black (¾"D & 1⅝"D only)
PC = polished chrome
SS = stainless steel (effect)

PRIMARY MATERIALS:

- steel/metal alloy

DIAMETER & BRACKETS:

- ▲ ¾"D: bracket required every 4-5 feet
 ▼ 1⅝"D: bracket required every 5-7 feet
 * 1½"D: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:

Tube lengths exceeding 106" will incur significant additional freight charges. The collection's tube splice can be used to achieve longer spans while the required center bracket will help conceal the resulting seam.

* Not compatible with other ¾", 1⅝", or 1½" drapery hardware collections.

ABBREVIATION KEY:

- D** = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter

Blacksmith

Experience the raw beauty of hand-forged iron hardware. Vesta discovered a talented local artisan skilled in the old world art of blacksmithing. Each piece is meticulously hand-forged and tempered by fire in three rustic finishes. Unique to this collection is a solid 1" diameter hammered rod.

AVAILABILITY:

special order 3-4 weeks, no returns

AVAILABLE FINISHES:

- BL** = black
B = bronze
NA = natural (iron)

MATERIALS:

- wrought iron

DIAMETER & BRACKETS:

1"D: bracket required every 6-7 feet

SHIPPING & ADDITIONAL NOTES:

Due to the nature of hand-forging slight variances in dimensional characteristics is to be expected. The solid hammered rod is heavy. Brackets MUST BE stud mounted. Improper installation may cause injury. The curtain rings in this collection are not hand-forged.

ABBREVIATION KEY:

- D** = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter

Crystal Magic

Vesta's Crystal Magic Collection exudes the kind of high elegance that inspires awe. These finials represent the opulent eye-catching sparkle of high-lead French crystal. All finials are precision hand-cut and available in a variety of rich colors and six base finishes. Designed as newel post toppers, they may also be used as drapery finials for 2¼" diameter poles (Highland Timber, pg. 30-33 & Hunley, pg. 34-37)

AVAILABILITY:

special order 3-4 weeks, no returns

AVAILABLE BASE FINISHES:

- AB** = antique brass
- BB** = brushed brass
- BN** = brushed nickel
- OB** = old black
- PB** = polished brass
- PC** = polished chrome

MATERIALS:

- crystal, brass

DIAMETER & COMPATIBLE COLLECTION:

2¼"D: Highland Timber (pg. 30-33) & Hunley (pg. 34-37)

SHIPPING & ADDITIONAL NOTES:

Extra care must be taken when using as drapery finials due to the weight of the finials. Please be certain that the finials are firmly affixed to the rod you select in order to avoid personal injury and to protect your investment.

ABBREVIATION KEY:

- D** = diameter
- H** = height
- L** = length
- P** = projection
- W** = width
- ID** = inside diameter
- OD** = outside diameter

DecoTrax

Vesta's DecoTrax Collection features precision extruded aluminum tracks. The oval profile is available in two sizes, 1 $\frac{1}{16}$ " and 2 $\frac{3}{4}$ " while the rectangular profile features exact lines making this collection the ultimate showcase in modern décor. It's available in four contemporary finishes and stocked in our warehouse for quick shipping.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

AVAILABLE FINISHES:

- BL** = black (track only)
- BN** = brushed nickel
- PC** = polished chrome
- PL** = palladium (DECO[R] only)
- SA** = satin aluminum

MATERIAL:

- aluminum

DIAMETER & BRACKETS:

1 $\frac{1}{16}$ "H: bracket required every 6-8 feet

2 $\frac{3}{4}$ "H: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:

Track lengths exceeding 106" will incur significant additional freight charges. The collection's track connector can be used to achieve longer spans. The created seam will be visible.

BRACKETS & ACCESSORIES

*illustration of Geo bracket

COMPONENT SPOTLIGHT

The illustration above represents this collection's Geo bracket. The wall plate (1) extends a threaded piece through the face plate (2) which then attaches to the bracket base (3). The notched stem (4) of the bracket slides into the bracket base and is held in place by a set screw. Tubing is held firmly in place through the use of a set screw as well. This bracket can be used in a ceiling installation as long as you don't cut the stem to create a custom projection (thus losing the notched area).

Helena

Vesta's Helena Collection features the strength of steel in four popular finishes. Bold and elegant designs are offered to solve various design challenges. All items are stocked for quick shipping and available at an attractive price point.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

AVAILABLE FINISHES:

- AB** = antique brass
BN = brushed nickel
ORB = oil-rubbed bronze
PC = polished chrome

PRIMARY MATERIALS:

- steel

DIAMETER & BRACKETS:

2"D: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:

The collection's tube splice can be used to achieve longer spans while the required center bracket will help conceal the resulting seam.

ABBREVIATION KEY:

- D** = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter

Highland Timber

Vesta's Highland Timber Collection features a gallery of masterfully carved finials and accessories. This line offers four pole diameters and ranges from understated and simple to intrinsically elegant designs. All components are made available unfinished and stain-grade to become the blank canvas for your own unique interpretations.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

AVAILABLE FINISH:

UF = unfinished

MATERIAL:

■ wood

DIAMETER & BRACKETS:

- ✦ 1½"D: bracket required every 4-5 feet
- ✦ 1¾"D: bracket required every 5-6 feet
- ✦ 2¼"D: bracket required every 6-8 feet
- ✦ 2¾"D: bracket required every 8-10 feet

SHIPPING & ADDITIONAL NOTES:

Pole lengths exceeding 106" will incur significant additional freight charges. The collection's pole splice can be used to achieve longer spans while the required center bracket will help conceal the resulting seam.

ABBREVIATION KEY:

- D = diameter
- H = height
- L = length
- P = projection
- W = width

Hunley

Vesta's Hunley Collection showcases hand-sculpted and hand-finished traditional finial designs by one of the United States' most accomplished artisans. The beauty resides in the details of each masterpiece. Items are available in a rich palette of colors or finish combinations that command and portray the zenith of extravagant elegance.

AVAILABILITY:

special order 3-4 weeks, no returns

AVAILABLE FINISHES:

AG-B = antique gold, black base coat	BL-C = antique black / crackled
AG-R = antique gold, rust base coat	CH = chestnut
AS-B = antique silver, black base coat	MG = mahogany
AS-R = antique silver, rust base coat	OL = olive
AW = antique white	OL-C = olive / crackled
AW-C = antique white / crackled	WA = walnut
BL = antique black	WWG = white wash gold

MATERIALS:

■ resin, wood

DIAMETER & BRACKETS:

- ▶ 1½"D: bracket required every 4-5 feet
- ✦ 2"D: bracket required every 5-6 feet
- ◆ 2¼"D: bracket required every 6-8 feet
- ★ 3"D: bracket required every 8-10 feet

SHIPPING & ADDITIONAL NOTES:

Pole lengths exceeding 106" will incur significant additional freight charges. The collection's pole splice can be used to achieve longer spans while the required center bracket will help conceal the resulting seam.

Motopia

Vesta's Motopia Collection features precision extruded decorative aluminum tracks powered by a belt-driven traversing system. This unique system can be operated by (RF) remote control or by hand. Ease of operation and an ultra-contemporary look are front and center in this modern hardware product group.

AVAILABILITY:

special order 3-4 weeks, no returns

AVAILABLE FINISHES:

- BL** = black
BN = brushed nickel
PC = polished chrome

MATERIALS:

- aluminum, brass

DIAMETER & BRACKETS:

1½"D: bracket required every 5-7 feet

SHIPPING & ADDITIONAL NOTES:

Track lengths exceeding 106" will incur significant additional freight charges. Tampering with the motor for any reason immediately voids the manufacturer warranty. Vesta will not be responsible for damage to your motor if your draperies touch, and therefore drag across the floor (puddling) during operation. No returns are permitted on this highly customized product

ABBREVIATION KEY:

- D** = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter

Motopia Collection

Availability: special order 3-4 weeks, no returns | **Available Finishes:** BL, BN, PC | **Materials:** aluminum, brass

A. Belt - The Kevlar reinforced transport belt provides long life and silent operation.

B. Motor Housing Assembly - This wear-resistant housing is equipped with high quality ball bearings.

C. 24V Motor - This motor provides (+/-) 40w of power capable of pulling 7lbs. per foot. It also operates with very little noise and can be manually operated in case of power failure.

D. Remote - (RF) multi-channel remote control.

E. Return Pulley Assembly - The special plastic of the return pulley's bearing ensures smooth operation.

F. Finial - Select a compatible finial from one of our other collections using the chart at right.

G. Overlap/Underlap - These special master carriers create complete closure of your window treatment.

IMPORTANT!

TAMPERING WITH THE MOTOR FOR ANY REASON IMMEDIATELY VOIDS THE MANUFACTURER WARRANTY. Vesta will not be held responsible for damage to your motor if your draperies touch and therefore drag across the floor (puddling) during operation. **No returns are permitted on this highly customized product.**

Novi

Vesta's Novi Collection features precision extruded square aluminum tracks with meticulously machined bracket and finial designs. Several mounting possibilities make it a versatile collection suitable for any ultra-modern design scheme.

AVAILABILITY:

special order 3-4 weeks, no returns

AVAILABLE FINISHES:

- BL** = black
- BN** = brushed nickel
- PC** = polished chrome
- SA** = satin aluminum
- WH** = white

MATERIAL:

- aluminum

DIAMETER & BRACKETS:

¾"W: bracket required every 4-5 feet

SHIPPING & ADDITIONAL NOTES:

Rail lengths exceeding 106" will incur significant additional freight charges. The collection's track connector can be used to achieve longer spans. When joining tracks, the cut produced will be noticeable and roller glides are the preferred choice for smooth operation.

ABBREVIATION KEY:

- D** = diameter
- H** = height
- L** = length
- P** = projection
- W** = width
- ID** = inside diameter
- OD** = outside diameter

Weight Load Recommendations

3' - 6.5'	28 lbs.
6.6' - 13'	26 lbs.
13' - 19'	24 lbs.

WARNING

Young children can STRANGLE in cord and bead chain loops and in the loop above the cord connector. They can also wrap cords around their necks and STRANGLE.

- Always keep cords and bead chains out of children's reach.
- Move cribs, playpens and other furniture away from cords and bead chains. Children can climb furniture to get to cords.

ANSI/WCMA 5.2.3
CORD WITH CORD CONNECTOR

- PB** = polished brass
- PC** = polished chrome

*due to the nature of these materials and the finishing process, a variance in finish is unavoidable.

MATERIALS:

- aluminum, brass

DIAMETER & BRACKETS:

- ▲ ¾"D: bracket required every 3-5 feet
- ▼ 1½"D: bracket required every 5-7 feet

SHIPPING & ADDITIONAL NOTES:

Track lengths exceeding 106" will incur significant additional freight charges. The collection's track connector can be used to achieve longer spans. When joining tracks, the cut produced will be noticeable and roller glides are the preferred choice for smooth operation.

ABBREVIATION KEY:

- D** = diameter
- H** = height
- L** = length
- P** = projection
- W** = width
- ID** = inside diameter
- OD** = outside diameter

Titan Track

The Titan Track Collection is a new Vesta-exclusive product line featuring precision fabricated finials, extruded aluminum track and a new palladium finish. This new hefty diameter provides a suitable alternative for heavier weight window treatment designs. All items are in stock and available for quick shipping.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

AVAILABLE FINISHES:

- BL** = black
- BN** = brushed nickel
- PC** = polished chrome
- PL** = palladium

MATERIAL:

- aluminum

DIAMETER & BRACKETS:

1½"D: bracket required every 6-8 feet

SHIPPING & ADDITIONAL NOTES:

Track lengths exceeding 106" will incur significant additional freight charges. The collection's track connector can be used to achieve longer spans. The created seam will be visible.

ABBREVIATION KEY:

- D** = diameter
- H** = height
- L** = length

Ultima

Vesta's Ultima Collection features aluminum rails and an intricate, yet easy to install, inner panel carrier system. You can create unique design environments using 2 to 5 flat fabric panels that connect to the hidden panel carriers by velcro (allowing for quick scenery changes). All hardware is available in two contemporary finishes and is stocked in our warehouse for quick shipping.

AVAILABILITY:

in-stock, typically ships within 24-48 hours

AVAILABLE FINISHES:

PA = polished aluminum
SN = satin nickel

MATERIAL:

■ aluminum

DIAMETER & BRACKETS:

1¾"H: bracket required approximately 3' to 4'

SHIPPING & ADDITIONAL NOTES:

Track lengths exceeding 106" will incur significant additional freight charges. The collection's track splice can be used to achieve longer spans. The cut produced will be hidden by the splice.

ABBREVIATION KEY:

D = diameter
H = height
L = length
P = projection
W = width
ID = inside diameter
OD = outside diameter

FAQ's

FREQUENTLY ASKED QUESTIONS

Q: Can anyone purchase from Vesta?

A: No. Vesta works with the trade only - meaning we only sell to interior designers, architects and others in the home fashion industry maintaining valid business licenses. Vesta will not sell directly to the public.

Q: What is your lead-time?

A: Vesta processes orders on a daily basis. In-stock items typically ship within a 24-48 hour period. Special order items generally have a 3-4 week lead time (some variations may occur).

Q: Does Vesta have a minimum order requirement?

A: No - simply order the quantities you need.

Q: How complex is installation?

A: Most experienced installers will easily understand how to properly install our products. In some instances mounting instructions are included in your hardware package to help your installation go smoothly. Wall and ceiling brackets should always be mounted into studs or other solid materials.

Q: How does Vesta handle orders and payment?

A: Vesta accepts the following forms of payment: Pre-payment, American Express, Discover, Mastercard, Visa, open account or COD. Pre-payment should be sent to our address. Open accounts may be set up subject to credit approval. Please provide your credit information or request a credit application. Approval takes 7 to 10 days. All first time orders should be faxed to our order department at 864.225.0228 on company letterhead along with a copy of your business license or tax certificate. Special order hardware may require a deposit at the time of order. All special orders are non-returnable.

Q: Does Vesta provide finish samples?

A: We will provide tube cutting finish samples from our various collections (excluding Hunley Collection) upon request.

Q: What is the best way to clean brass?

A: To clean solid brass simply wipe using a dry dust cloth - DO NOT USE ANY CHEMICALS OR ABRASIVES. All brass hardware is lacquer-coated to retard tarnishing. Gloves should be worn during installation to protect the product finish from body acids.

Q: How is shipping handled?

A: When an order is shipped it usually includes tubing and hardware. When practical some packages may contain both hardware and tubing. However, the majority of shipments will have at least two packages, one for hardware and one for tubing. Occasionally ground shipped orders may become separated in transit due to handling or size and they may be delivered at different times. Premium air services are rarely affected and are backed by a delivery guarantee. Tube lengths beyond 106" will incur significant additional freight charges. When you need a length longer than 106" sometimes it's possible to divide your overall span and use a splice to achieve the distance you've requested. The required center bracket for a longer length will hide the resulting seam. The savings in shipping charges can be sizeable. **Your package should be inspected immediately upon receipt from the carrier. Shipping charges cannot be refunded once the items have been signed for - your signature implies that the package was not only received but received in good condition.** Note: when calling to track your shipment, please have your Vesta order number ready.

Shipping Information

All orders are filled and shipped from Pendleton, South Carolina. Any tubing lengths exceeding 106" will be shipped via special carrier with significant additional freight charges. **All hardware and tubing should be inspected immediately upon delivery to resolve any claims with our carriers and suppliers.** The chart below displays estimated delivery times from our location in South Carolina via "regular ground" services. You may inquire about premium delivery options and charges at the time you place your order.

Vesta ships to locations in the domestic United States including Hawaii*, Alaska* and Puerto Rico* (please call for estimated freight to destinations marked with an asterisk).
