PRODUCT DETAILS

JOURNEY WITH A PURPOSE

Deco & Deco in character is unique and envisions bringing together an eclectic collection of accessories. Our artisans being diverse and all embracing compile the traditional and modern inspirations to craft products that can merge with the interior, augmenting its beauty and grace. Our experts along with their dexterity carve out a range of Channel Rods with high utility and quality metal, each being exceptionally exclusive and sturdy.

Their workmanship is distinctive and determined to enhance the finishing and functionality of every fitment. A palette of elegant and warm hues combined with varied texture and material, these unblemished and exquisite accessories are hard to stay away from. The subtle shapes influenced by cultures across the globe structured with durable and impenetrable material will give your home a reflection of your style making each Deco & Deco piece special and trustworthy.
